

RETRIEVER REVIEW

JUNE 2011

WWW.LRCSOCAL.ORG

PRESIDENTS MESSAGE

Hi All,

It was certainly an eventful and exciting couple of weeks that got us through our 2011 Specialties and Spring Hunt Tests.

I want to thank everyone for their efforts to help make these events successful. Many members worked hard at both events, and their help is especially appreciated.

Without much of a break, we are gearing up for the Fun Day on Saturday June 25.

The emphasis is on FUN, with plenty of action, games for people and pets, and lots of great food. Bring the whole family, (especially the Labs) and have a wonderful day trying out all the things you can do with your Lab. New members are especially encouraged to come to this event and meet your fellow club members.

We want to thank Jane Babbitt for her hard work as President for 3 terms, and the club really appreciates all that was accomplished during that time.

Thank you also to Valerie Donahue who is retiring from the Board to pursue other venues in her life. We appreciate her service for many years.

The Hunt Test Committee is also losing a valued member, as Lauren Bullock is stepping down as Hunt Test Secretary.

Lauren served in this capacity for many years, and we appreciate the hard work this position requires.

As you can see, our club has many challenges ahead of us this year, and we need all the volunteers we can get. If you would like to find out more about what you can do to help, just contact any Board Member. We want to continue to make this a club for the members, and for the betterment of the Labrador Breed. **WE NEED YOUR HELP and YOUR INPUT.**

See you at the Fun Day
Margaret

PUPULATION INCREASE

Only verifiable screening information will be listed and only certification numbers are provided. The following organizations will certify the certifications that they have issued. You must know either certification number of the dog or its AKC number. If no certification numbers are listed, it does not necessarily mean that the dog has not been screened. Prospective buyers should inquire for further information from the breeder of the litter.

Canine Eye Registration (CERF)

317.494.8179 www.vmdb.org/inquiry.html

Orthopedic Foundation of America (OFA)

573.442.428 www.offa.org

Optigen

607.257.0301 www.optigen.com

Note: These litter listings are provided as a service and information exchange for full members of the LRCSC. The listing will run in two (2) consecutive issues, only. One (1) extra month costs \$5.00, payable to LRCSC before the ad will run. No effort is made to verify the information provided, nor does the LRCSC as an organization enforce these litters. It is the responsibility of the consumer to certify information, ask questions, and evaluate guarantees and contracts as should be done before making any significant purchase.

The Loss of a Friend and Mentor

What can you say when someone who made an impact in your life dies?

It is not easy to find the words to describe losing someone who was a large part of the past 35 years, someone you considered a friend and a mentor.

Winnie Limbourne was one of two people I would say had the most influence in my life in Labradors. Sometimes gruff, but always honest, you could count on Winnie for the truth and common sense about puppies, breeding, running the club, stud dogs, and anything Labrador. Winnie was a mentor and role model for many people over 40 years, yet she was taken too soon. She leaves her influence on three Labrador Clubs, and many pedigrees, but it is her friendship, knowledge, and companionship that will be missed by her friends.

Rest Easy Winnie. Margaret

*****Celebration of life for Winnie Ann Limbourne***
10/10/1941 ~ 5/2/2011**

The friends of Winnie Limbourne wish to celebrate this wonderful life, and do it exactly as she requested! We will meet with smiles, stories, and a great pot-luck (her favorite activity with friends). It was part of her request that all who gather to celebrate her life wear her favorite color, red.

*Where: At the home of Gary and Nancy Plotkin: 2780 Casiano Rd.
Los Angeles, CA 90077*

Call for directions: 310-472-7286

When: June 11, 2011 at 11am (lunch)

RSVP: Labradors@qnet.com Let us know what pot luck item you'll bring.

Tasha (her granddaughter) is looking forward to meeting the people who were important to her grandmother!

LRCSC FUN DAY

Games, CGC, Demonstrations, Information and Picnic

June 25, 2011 - 10:00 am

Tewinkle Park, Costa Mesa

At "the Bowl"

Join us for a day of fun, games and how-to
Bring your non-member Labrador owning friends along

Games:

- Gymkhana, Paw-painting, Musical chairs, many other games

Canine Good Citizen:

- Tania Brodowski will be there to evaluate your dog: a pass makes your dog eligible to apply for the AKC CGC Award. There is a \$15 fee.
- Free mock evaluations, CGC demonstrations and advice

Conformation demonstration

- Sandra Flanigan will be holding her "what the judge is looking for and how to find it" hands-on classes. Take your turn in the ring going over the dogs!

Obedience demonstration:

- Watch trained obedience dogs, get tips, and have your questions answered.

Retrieving demonstration:

- See what trained retrievers can do, learn about a Working Certificate, and be surprised how well your own dog can retrieve.

Tracking:

- Visit Celeste Young's booth for information on Tracking titles and watch a possible demonstration. She also has information on canine Holistic Health programs.

Information on Agility, therapy dogs, OFA, CERF, EIC, other Labrador related issues.

Ways and Means:

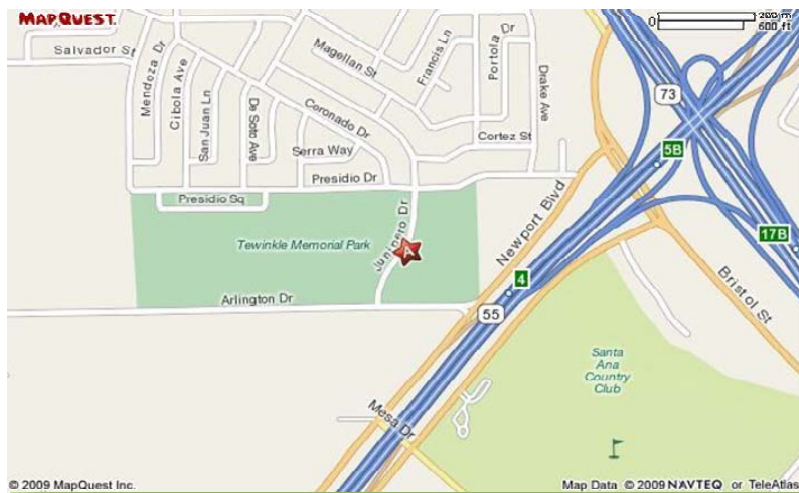

- Labrador and Club tee shirts and other items for sale.

Picnic:

- Join us for Ron's Barbeque, LRCSC potluck and drinks.

Directions to Tewinkle park:

- From the 405 fwy N or S, take the Fairview exit. Go to the west. Left at Arlington Dr. (just before the fairgrounds). Left at Junipero Dr. (cuts across the park). Turn right into the parking lot. The "Bowl" is the grassy area beside the parking lot.
- Map attached

COMPANION EVENTS

AMERICAN
KENNEL CLUB®

May 10, 2010

At the April 2011 Board meeting, the Board of Directors approved a change to the recording fees for first entries in agility and rally events. This approved change to the recording fees for agility and rally events will bring the fees equal to those in all other AKC events.

The following amendments to the Companion Events regulations will be effective September 1, 2011.

Regulations for Agility Trials

Chapter 1, Section 27. Recording Fees. *At every licensed or member club trial, a recording fee of \$3.50 shall be required for the first entry of each dog, and \$3.00 for each additional entry of the same dog. (Each day is a separate trial.) Non-regular agility classes do not require a recording fee. When the recording fee is calculated, it does not include withdrawals.*

Rally Regulations

Chapter 1, Section 5. Recording Fees. *At every licensed or member club rally trial, a recording fee of \$3.50 shall be required for the first entry of each dog and a recording fee of \$3.00 shall be required for each additional entry of the same dog. A marked catalog and all recording fees must be sent to AKC so as to reach its office within seven days after the close of the trial.*

Clubs should ensure their trial records and software is updated to correctly calculate the amended recording fees for agility and rally entries.

Sincerely,

Curt Curtis
Assistant Vice President
AKC Companion Events

Obedience Under the Stars - with a 60's theme.

An AKC OC/RC Match
hosted by Bakersfield Obedience Training Club
Saturday Night June 18, 2011
Windsor Park Bakersfield 93311
5:30PM - ??

Obedience Entries: 5:30pm - 6:30pm

Judging begins @ 6:30pm

Obedience Pre Novice, Beginner Novice, Novice, Grad Novice, Open, Grad Open
 & Utility- Compete (no food, no toys, no do-overs, judged and scored like a trial) or Rent
 a Ring 9 min for Utility, 8 min for Open and 7 min for Novice (food and toys allowed).

Rally Novice, Advanced & Excellent

\$5.00 per entry - \$3.00 2nd entry for same dog.

Canine Good Citizen Testing Entries: 6:00pm - 7:00pm

Testing begins @ 6:30pm

\$10.00 fee for Canine Good Citizen

of dogs tested will be limited so come early. CGC Certificate available from AKC. For

A "SINGLES" Classified ad reported to have been printed in the Atlanta Journal:

SINGLE BLACK FEMALE seeks male companionship, ethnicity unimportant. I'm a very good girl who LOVES to play. I love long walks in the woods, riding in your pickup truck, hunting, camping and fishing trips, cozy winter nights lying by the fire. Candlelight dinners will have me eating out of your hand. I'll be at the front door when you get home from work; wearing only what nature gave me... Call (404) 875-6420 and ask for Annie, I'll be waiting.....

Over 150 men found themselves talking to the Atlanta Humane Society.

LRCSC Labrador Fun Day

The Fun Day has always been a popular LRCSC event. No matter what your level of participation, there is something for you and your Labrador. It is a great place for you and your Labrador to socialize with other club members and their dogs. It is an opportunity for beginners to learn about the different types of events offered by AKC and how to train for them. If you just want to have fun, there are games for you and your dog, including the gymkhana, which offers exposure to a variety of interesting situations and is especially good for puppies and young dogs. At lunchtime Ron is bringing his barbeque and will cook his famous hamburgers and hotdogs, and the LRCSC board will provide a potluck and drinks. If you think your dog is ready to pass its Canine Good Citizen test, which makes it eligible for the official AKC CGC Certificate, Tania Brodowski will conduct a formal evaluation for \$15. If you aren't sure, she will do a mock evaluation that doesn't count but will tell you what you need to work on.

Come join us for a day of fun and information. Details and directions are in the flyer in this Review.

Why You Need Dog Insurance

Written by: Geraldine Dimarco

Have you ever considered getting dog insurance to cover the medical expenses and veterinarian care that your dog or puppy may need in the near future? The truth is that most pet owners do not consider taking out dog health insurance until they experience an unplanned visit to the veterinarian to treat an injury or illness, which ends up costing hundreds or thousands of dollars.

How easy would it be your dog or puppy to break his leg? It happens every day, regardless if these pets stay indoors or are allowed to roam free in the yard. And can you guess how much it will cost you out-of-pocket? The average veterinarian costs for a broken bone is around \$900. The monthly premium for dog insurance is pennies compared to such an expense for medical care.

Dog Insurance Coverage

As with any insurance plan, the types of coverage offered and the prices for these premiums will vary from company to company. However, you can expect the top dog insurance plans to offer coverage on the following veterinarian services:

Spaying and Neutering: As you know, all dogs (except those being professionally bred, or shown) should be de-sexed. Many dog insurance policies cover the entire cost of spaying and neutering, which is great, because those procedures cost at least a couple hundred dollars for a straightforward operation - never mind if your dog experiences expensive complications, which can happen with any surgery.

Prescription Flea Control: Some dogs just don't respond adequately to over-the-counter flea remedies. And fleas must be taken seriously, not only for your dog's comfort, but because they also carry various diseases and encourage other parasites. Dog insurance plans may cover the costs of the more potent prescription flea control products.

Annual Veterinary Examination: This is essential for all dogs, even if you think your dog is in peak health. The annual checkup can identify illness and disease before it progresses into something much worse, so that treatment can start at the earliest opportunity. Many dog insurance policies cover the annual veterinary examination costs.

Heartworm Treatment: If your dog is diagnosed with heartworm, immediate treatment is required. And it's expensive. Although it's certainly by far preferable to avoid the heartworm infestation in the first place by using heartworm prevention, your dog insurance should in fact cover the cost of heartworm treatment should the need ever arise.

Lab Costs: Blood tests and other lab work is covered by most dog health insurance plans. You never know when your vet may want to order blood work - especially if serious diseases are suspected, such as diabetes or heartworm.

Teeth Cleaning: Having your dog's teeth cleaned probably never occurred to you, but this service is something you can take advantage of by enrolling in a dog insurance plan. It is refreshing to know that you can have your dog or puppy's dental work maintained and keep his gums and teeth healthy for years to come.

Hospitalization Fees: Accidents and illnesses do have a habit of occurring when you least expect them. And they can be very expensive, as already noted. There is also the possibility of complications of other procedures, such as de-sexing procedures or even teeth cleaning. Complications of surgery may require that your dog have blood transfusions or be monitored in intensive care. Now that's a big expense. So instead of being landed with an exorbitant vet bill, your dog insurance will cover you.

Why Do Dogs Snore?

Written by: Rod Jones

It is not unusual for pet owners to allow their pets to sleep with them at night. In fact, one third of pet owners have at some time, allowed their pets to sleep on their beds. Dogs provide a companionship that can't be given by any other breed of animal. But this doesn't mean to say that it is unlikely for some people to let their cats and another pets sleep with them too.

It is facilitated too by dogs having a sleep pattern that is very similar to our own. Dogs often trust their owners completely, which makes them a bit more relaxed during the night. This explains why most dogs fall asleep easily and later on, enter into a deep sleep where REM sleep activities can occur. In deed, once a dog enters this stage, the owner may need to call them several times before they can truly be roused from sleep.

I'm sure, many of us have already seen a dog paddling during sleep and, at times, barking with his eyes closed too. These dogs are said to be dreaming. Breathing patterns can also be observed among dogs while they are asleep. For example, there are breeds which breathe heavily and there are breeds which breathe more lightly. The heavy breathers are much more likely to snore than those which do not breathe so heavily.

Often, dogs that snore can be rather a nuisance during the night, depending on the degree and frequency of the phenomenon. Like with humans, there are various reasons why dogs snore, although most deal with the obstruction of the passage of air in the windpipe, which in turn is caused by the collapse of certain areas along the throat. It is the same problem as with humans.

A snoring dog should be checked for various issues to determine which treatment can be best applied. Some dogs are especially prone to specific allergic reactions that cause constriction in the airway. It may also be that there is some excess tissue in the areas that are preventing correct breathing. It is best if a veterinarian checks on different factors through careful evaluation of the dog's anatomical features and general physical symptoms.

Maybe, your dog is overweight. Like with humans, obese dogs are more likely to snore during the night. This is because they have more flesh surrounding their throats. Therefore, they have excess tissue that hangs around the throat which can potentially cause the obstructions. Once this problem is corrected, the risk of snoring will be decreased. This would not only be healthy for your dogs, you may actually enjoy nights of restful sleep too.

Snoring also has something to do with the general facial features. Some dogs seem to have pushed-in faces which narrows their air passages to a certain degree. The construction of their nasal passages also largely contributes to their difficulty in breathing. They are pretty much like humans with a cold, who are forced to breathe using only twenty-five percent of their nostril capacity. Dog breeds with shorter faces need to expend lots of effort to breathe properly. It costs them more work to control breathing and they are also more prone to snoring.

Minor surgery can afford your dog great relief. Be sure though that, before any decision is made, you are well informed about the potential risks and consequences of surgery to stop a dog snoring. Most procedures are irreversible, so careful thought must be given to any operation you allow. In fact, it is best to accept the guidelines provided by your veterinary surgeon.
