

LABRADOR RETRIEVER CLUB OF SOUTHERN CALIFORNIA

RETRIEVER REVIEW

AUGUST/SEPTEMBER 2008

WWW.LRCSOCAL.ORG

PRESIDENTS MESSAGE

Hi All! We didn't have many but we all had FUN, FUN, FUN, at the August Fun Day. Thanks to Lynn Spears who came all the way from Bonita to demonstrate agility with her dogs, and Romona Audette with her old dog Gretsky showed the value of Obedience Training. A Rally course was set up and explained to everyone by Margaret Stanard & Splash, while Valerie Donahue discussed Conformation and showing. Trudy Soneson (assisted by Eric Soneson and Kurt Kemper helped everyone get started with retrieving. As always, thanks to Susan Martin and her crew for presenting the CGC, and Ingrid Adkins for setting up the Dunking for Duckies game. Thanks to all the demo people and dogs. We can't forget Bob Ingersoll, my co-chair, for set up and with Ray Stanard, did double duty cooking burgers and hot dogs. It was great fun and good food for all who came.

Next on our agenda is the Fuiturity and B-OB Match on October 11th at Featherly Park. (See Flyer) On the heels of the Match we have the WC and the back to back Hunt Tests on October 25th and 26th. (See Entry and info Flyer.)

Hope to see everyone at the next event.

MARTY

EDITORS NOTE

This is the August/September newsletter. Your club has events coming up for everyone. We really need your help to put these events on. Please pick one of the upcoming events and volunteer your time. You will have more fun being an active part of your club, than sitting on the sidelines and letting others do the work!

Margaret

THE WINNER'S CIRCLE

The Winner's Circle Entries are **any 1st place, a qualifying score or leg, a placement at a specialty or LRCSC supported entry, or a new title in the last three months.** Non AKC titles will only be listed in regular format, but no individual wins for non AKC events will be listed. So please only submit title, date, and location where title was completed. Match wins are not eligible for publication in the retriever review, but may be listed if space is available. Entries are listed in alphabetical order by the dog's registered name.

PUPULATION INCREASE

Only verifiable screening information will be listed and only certification numbers are provided. The following organizations will certify the certifications that they have issued. You must know either certification number of the dog or its AKC number. If no certification numbers are listed, it does not necessarily mean that the dog has not been screened. Prospective buyers should inquire for further information from the breeder of the litter.

Canine Eye Registration (CERF)

The Loss of a Friend

Family and friends of Diane Siebert, shocked and saddened by her sudden death, filled La Purisma Catholic Church on July 25th, 2008, to celebrate the memory of her life. Friends from LRCSC, High Desert, and San Diego Lab Club were there to say good bye to a wonderful lady and fellow Lab Breeder.

Diane served on the Board of LRCSC for two years before being elected President in 2004, and served as President for three terms. Several of our most successful raffles were headed up by Diane, and anyone who worked with her appreciated her determination and organization. Diane's main goal as President was to rewrite and restructure our club By-Laws and Constitution, which she successfully completed before leaving office in 2006.

Diane showed and bred labs under the prefix "Pharmlabs" and religiously supported the Breeder Code of Ethics and always entered her litters in the Futurity Competition, winning Best and Breeder of Best several years in a row.

The LRCSC and the Labrador community will miss this lady and her sunny smile.

ALWAYS A GOOD REMINDER

Reprinted from Pet Corner by Jarrod R. Moss DVM

Each year millions of phone calls are made to human poison control centers regarding pets who have ingested a potentially toxic substance. About 75% of telephone calls involve dogs and 15% cats. Of the calls regarding dogs the great majority of them involve the Labrador Retrievers. A fact that is not surprising due to the popularity of the breed, and the retriever's natural instinct to carry things in their mouths.

Many of the foods and medications we commonly ingest can be potentially toxic to our pets. Some of the most common poisonings involve chocolate, grapes, raisins, ibuprofen, acetaminophen, aspirin, and snail and rat bait.

So if you keep any of these items in your home they should be stored safely away from your pets. If your dog or cat accidentally ingests one of these items, you should call or take them to the veterinary hospital immediately.

(Editor's note: Don't forget the danger in sugar free candies and gum. Labs will eat just about anything!)
