MAY 2011

PRESIDENTS MESSAGE

Hello Everyone -

When you read this, the Specialties will probably be over, and hopefully this year's shows will have been as successful as those in the past. Many thanks to all those who took the time to lend a hand where it was needed, and to the committee chairs and their workers who always devote so much time and effort.

Before I pass the gavel to our new president, Margaret Stanard, I want to remind you to save Saturday, June 25th for our Labrador Fun Day at TeWinkle Park in Costa Mesa. This will be a day for everyone, but especially for the dogs, and for the owners who want to learn more about Labradors and the activities and programs in which they can participate. Join us for a picnic barbeque, dog games, demonstrations and information.

See you all there - bring your friends!

Jane

Hi All,

As you read this, our 40th Year Specialties are history, and we are in full gear for the upcoming Hunt Test on May 7th and 8th.

Thanks to everyone who worked, donated, or supported our shows as your efforts are what make these events possible and successful.

In addition to the Hunt Tests, the new Board and Officers are working on the June 25th Fun Day. Please check out the flyer in this issue for the great activities that are planned for this popular event. There will be something for everyone, with lots of silly and fun things to do, as well as a little education thrown in. This is a great family event for all.

We hope to plan a year full of good activities that will cover a wide range of interests. If you have something you would like to see, or something you can contribute, we want to hear from you. Get involved! It is your club and you can make it what you need and want it to be.

Hope to see everyone, and meet those new to the club at these activities.

Margaret

The Winner's Circle

The Winner's Circle entries are any **1st place**, a **qualifying score or leg**, a **placement at a specialty or LRCSC supported entry** or a **new title** in the **last three (3) months**. Non AKC titles will only be listed in regular format, but no individual wins for non AKC events will be listed. Please only submit title, date, and location where the title was completed. Match wins are not eligible for publication in the Retriever Review, but may be listed if space is available. Entries are listed in alphabetical order by the dog's registered name.

(no submissions, this month!)

Inner Peace:

If you can start the day without caffeine,

If you can always be cheerful, ignoring aches and pains,

If you can resist complaining and boring people with your troubles,

If you can eat the same food every day and be grateful for it,

If you can understand when your loved ones are too busy to give you any time,

If you can take criticism and blame without resentment,

If you can conquer tension without medical help,

If you can relax without liquor,

If you can sleep without the aid of drugs,

...Then You Are Probably

The Family Dog!

And you thought I was going to get all spiritual didn't you..?

PUPULATION INCREASE

Only verifiable screening information will be listed and only certification numbers are provided. The following organizations will certify the certifications that they have issued. You must know either certification number of the dog or its AKC number. If no certification numbers are listed, it does not necessarily mean that the dog has not been screened. Prospective buyers should inquire for further information from the breeder of the litter.

Hi Guys,

Imagine my surprise when this popped up on my Google Alerts this morning from Congressman Buck McKeon:

<http://www.youtube.com/watch?v=cdU-KOG1Ewc>

As many of you know, Buster and I traveled to the Tarawa Atoll in the Gilbert Islands in February. We were part of a team, www.historyflight.com founded by Mark Noah. We were searching for the graves of over 500 US Marines that are missing there from the 1943 battle on Tarawa. The team consisted of Researchers, Geophysics Specialists and Buster and I. Buster's job was to put the geophysics teams on top of the mass grave sites so that they could do detailed scanning with the Ground Penetrating Radar, Magnetometer and EM-38 Mark 2. The mission was **Very Successful** and Buster exceeded my expectations.

Forensically the conditions were ideal for Buster. Practically conditions were difficult because of people, dogs, pigs and feces everywhere.

With the help of Mammoth Lakes Town Councilman John Eastman, I was recently able to meet with Congressman Buck McKeon, his Chief of Staff and his Deputy Chief of Staff to assist us in working with the Department of Defense so that these Marines who gave their lives for our country, can be brought home. Congressman McKeon was very impressed with our team's work and he and his staff will be assisting us on Tarawa as well as other MIA projects. Congressman McKeon is Chairman of the House Armed Services Committee.

I am very honored by the "youtube" video that Congressman McKeon posted about our efforts. It was a total surprise to me.

I wanted to thank those of you who helped me train Buster and gave us the scientific back up. Buster was right on the sands of Tarawa and he is right in the sands of Death Valley. It is time for the kids at the Barker Ranch to go home too.

Paul

This is a photo of Buster alerting next to a house. He also alerted in their living room (dirt floor). Our geophysics team identified this area as a large US cemetery.

From Full Member Cheri Conway:

Hello all!

Seventeen years ago, before we moved to Oregon, Kevin was the Chairman of the Verdugo Hills Chapter of D. U. (Ducks Unlimited). Since that time, a very dear friend has taken over. This will be his last year as Chairman, and Kevin and I are going to go down to the banquet at the La Canada Country Club this year to eat, drink, enjoy the heck out of the old-time auctioneer's enthusiasm (it's a pure HOOT!)... and the thought occurred to us that having all of YOU guys join us there might be just the thing to make it truly a night to remember!

If you are unfamiliar with Ducks Unlimited, they are the largest wetlands conservation organization in the world, and are HUGELY important in restoring / maintaining / conserving almost sixty MILLION acres last year alone. Not just good for the ducks and geese, but for over 900 wildlife species.

You can come and just enjoy a little high-tone country-club dining and FUN, or should any of the guns, marvelous framed artwork, beautiful carved decoys...and a myriad of tempting do-dads (including dog stuff) entice you, you can join the auction and bid on them! If you've never been to one of these banquets... you NEED to... it's a BLAST!

The date is **Saturday night, May 14th**, at the beautiful La Canada Country Club, overlooking the city lights. Bring a date (or your spouse!), and join Kevin and me for the evening. Email me, and I'll get the details to you.

Looking forward to seeing some of you that we've missed for SOOOooo long!

Best,

Cheri and Kevin

OUTSTANDING YOUNG LABRADOR FOR SALE!

Tassa is the daughter of a Champion Master Hunter dam, and a Champion sire. I kept Tassa for myself, intending to show and train her. However, my husband wants to downsize our dog family, so I would like to connect with just the right home for this special puppy. She has a lot to offer, and has already had a great start.

Tassa is a smaller bitch, though I expect her to be within the breed standard at her height. Her conformation is very balanced and she has great angles. She already knows how to bait and self stack to show in the ring. She is easy to work with and an eager learner. She is great around other dogs, and is sharp as a tack. We have been doing some practice with clicker training, and she loves it and learns quickly.

Tassa is a very sociable and happy girl. She will make a wonderful family dog and companion, and has potential for the show ring. She will especially be a good fit for someone looking for a multi-purpose dog. Tassa is agile, with potential for all sorts of training, including agility, field training, competitive obedience.
